

365th Day of Solar Cycle	March 19, 2024	- The Sun is literally shining in his canopy, tabernacle, temple per Psalm 19:4-6 "Their line is gone out through all the earth, and their words to the end of the world. In them hath he set a tabernacle for the sun, Which is as a bridegroom coming out of his chamber, and rejoiceth as a strong man to run a race. His going forth is from the end of the heaven, and his circuit unto the ends of it: and there is nothing hid from the heat thereof." The Temple designed by David, the Tabernacle door of Moses, and also likely the Tent of David were all aligned due east thus the sun would shine directly in the tabernacle and temple on the Spring Equinox. This means after the 364 Day race, the sun goes into his tabernacle, and comes back out on the 1st Day of 1st Month to run his 364 Day race again. "at the door of the temple of YHWH, between the porch and the altar, were about five and twenty men, with their backs toward the temple of YHWH, and their faces toward the east; and they worshipped the sun toward the east." (Ezekiel 8: 16) This prophecy of Ezekiel shows the priests on the Spring Equinox was doing the exact opposite of what they should have been doing. Instead of worshipping the Creator towards the temple the priests were worshipping the creation, the sun, they had literally turned to pagan idolatry. On the Spring Equinox at sunrise the sun would have shined directly into the holy place, and hit the curtains, the walls gilded with gold would have been glowing, and the two bronze columns would have been radiating sunlight, instead there backs were turned to YHWH and His house. - Spring Equinox is the Great Sign upon the earth (Jubilees 2:9 "And Alahym appointed the sun to be a great sign on the earth for days and for sabbaths and for months and for feasts and for years and for sabbaths of years and for jubilees and for all seasons of the years.") "The Day out of Time" (a calendar concept adopted and perverted and misplaced by the Mayans) - The Removed 365th Day of Solar Cycle & The Cursed Day of Job's Birth (Job 3:1-26) - Enoch lived 365 years, walked with Elohim: and he was not; for Elohim took him. (Genesis 5:21-24) - Absolom polled his head at every year's end (a pagan practice?) and the hair weighed 200 royal shekels / 1.865 kilo (2 Samuel 14:26) "Are there not twelve hours in the day?" -Yeshua (John 11:9) - Yeshua received word Lazarus was sick and tarried 2-days. 30th Day of 12th Month	March 17, 2025			Seorim	Izri	Year #1/7, #1/49.
Intercalary Day (31st Day of the Month)	March 18, 2025	• [Parents Day of Honor] • Jacob sent his father and mother clothing, and food, and bread (meat), and drink (wine), and milk, and butter, and cheese, and some dates of the valley, four times a year, between the times of the seasons (Jubilees 29:15-16) • 364th Day of the year, the Sun finishes his race and goes into his tabernacle / chamber. (Psalm 19:6) • The daughters of Israel went to lament the daughter of Jephthah the Gileadite four days a year (Judges 11:39-40)		Seorim	Izri	Year #1/7, #1/49.
365th Day of Solar Cycle	March 19, 2025	• The Sun is literally shining in his canopy, tabernacle, temple per Psalm 19:4-6 "Their line is gone out through all the earth, and their words to the end of the world. In them hath he set a tabernacle for the sun, Which is as a bridegroom coming out of his chamber, and rejoiceth as a strong man to run a race. His going forth is from the end of the heaven, and his circuit unto the ends of it: and there is nothing hid from the heat thereof." The Temple designd by David, the Tabernacle door of Moses, and also likely the Tent of David were all aligned due east thus the sun would shine directly in the tabernacle and temple on the Spring Equinox. This means after the 364 Day race, the sun goes into his tabernacle, and comes back out on the 1st Day of 1st Month to run his 364 Day race again. • "at the door of the temple of YHWH, between the porch and the altar, were about five and twenty men, with their backs toward the temple of YHWH, and their faces toward the east; and they worshipped the sun toward the east." (Ezekiel 8: 16) This prophecy of Ezekiel shows the priests on the Spring Equinox was doing the exact opposite of what they should have ben doing. Instead of worshipping the Creator towards the temple the priests were worshipping the creation, the sun, they had literally turned to pagan idolatry. On the Spring Equinox at sunrise the sun would have shined directly into the holy place, and hit the curtains,the walls gilded with gold would have been glowing, and the two bronze columns would have been radiating sunlight, instead there backs were turned to YHWH and His house. • Spring Equinox is the Great Sign upon the earth (Jubilees 2:9 "And Alahym appointed the sun to be a great sign on the earth for days and for sabbaths and for months and for feasts and for years and for sabbaths of years and for jubilees and for all seasons of the years.") • "The Day out of Time" (a calendar concept adopted and perverted and misplaced by the Mayans) • The Removed 365th Day of Solar Cycle & The Cursed Day of Job's Birth (Job 3:1-26) • Enoch lived 365 years, walked with Elohim: and he was not; for Elohim took him. (Genesis 5:21-24) • Absolom polled his head at every year's end (a pagan practice?) and the hair weighed 200 royal shekels / 1.865 kilo (2 Samuel 14:26) • "Are there not twelve hours in the day?" -Yeshua (John 11:9) • Yeshua received word Lazarus was sick and tarried 2-days. Lazarus died on this day."	Sun in the tabernacle	(Seorim)	(Izri)	Year #1/7, #1/49.

366th Day of Solar Cycle	March 20, 2025	• The Sun is literally shining in his canopy, tabernacle, temple per Psalm 19:4-6 "Their line is gone out through all the earth, and their words to the end of the world.
